

Steel Palisade 17 pales per bay, 2 - 3mm thick D or W section corrugated pales passed through 50x50x6mm mild steel angle iron rails secured with CSH bolt and shear nut.

Posts 102x44mm RSJ at 2.75m centres

Standard Security Grade Palisade favoured by commercial clients and schools where mesh will not suffice, dependant on pale thickness and type will dictate strength of fence against attack - 3mm W section and 4mm D section being the heaviest, 2mm W section and 3mm D section lightest.
